

SUPER CREAMY RECIPES!

Cookies & Cream

AN IRRESISTIBLE CLASSIC!

- **HEAVY CREAM (35% FAT)**

💡 Since it is denser, you must turn the crank for at least 5 minutes before closing the ramp to release the ice cream.

- **OREO-TYPE COOKIES**

Grate them using the grater accessory to mix well with the base.

- Decorate your ice cream with colorful sprinkles.

***NOTE:** You can add sugar or sweetener to taste for a sweeter touch.
